Re: Upper Miogyp Sand RC SUA
Southeast Gueydan Field
Vermilion Parish, Louisiana

Application is hereby made on behalf of **Texas Petroleum Investment Company** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters relating to the establishment of rules and regulations and the recreation of an alternate unit well for the Upper Miogyp Sand, Reservoir C SUA, in the Southeast Gueydan Field, Vermilion Parish, Louisiana:

1. To dissolve and recreate the existing unit based on new geological well control.
2. To reenter and designate the **Texas Petroleum Investment Company**(Superior) - Gayle No. 3 ST located in Section 17-Township12 South, Range 1 West, as an alternate unit well in the Upper Miogyp RC SUA.
3. To consider such other matters as may be pertinent.

The Upper Miogyp Sand, in the Southeast Gueydan Field, was previously defined for Reservoir C, by Office of Conservation Order No. 366-G-2 and is further defined as that interval from 15,798' to 15,895' in the **Texas Petroleum Investment Company**(Superior) - Gayle No. 3 ST, located in Section 17-Township12 South, Range 1 West also in Reservoir C.

Pertinent data, including well logs, may be obtained AT THE COST OF THE REQUESTING PARTY from Frank W. Harrison, Jr., Post Office Box 51943, Lafayette, Louisiana 70505, Telephone Number (337) 232-4031.

Pursuant to the Rules of Procedure a conference to discuss the proposed application was held at 10:30 A.M., on Thursday, February 9, 2006 at the Petroleum Club, Lafayette, Louisiana. Frank Harrison presented the basis for the geological revision of the Upper Miogyp Sand RC SUA and the proposal for the No. 3 Gayle as the alternate unit well. A discussion followed and Mr. Dwight Hardee expressed his concern about possible drainage across the east bounding fault. In addition, Mr. Hardee presented a proposed unit plat that eliminated part of his lease on the southeast corner of the unit. Mr. Hardee indicated that he may present this as a counterplan. There being no further business, the conference adjourned.

Attached hereto and made a part hereof is a plat outlining the proposed unit and a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this notice is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. The list of parties will, however, be furnished by the undersigned to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties, and Represented Parties.

Finally, enclosed is our check in the amount of \$755.00 made payable to the Office of Conservation and representing the required hearing application fee.

Very truly yours,

E. Holmes Smart
